THE  
Worcester Royal Infirmary

---

Report of the Executive Committee  
for 1940.

---

The Executive Committee have pleasure in submitting their one hundred and ninety-sixth Annual Report and Statement of Accounts.

**WORK OF THE YEAR.**

**In-Patients.** The number of patients admitted to the Infirmary during the year was 3,374, an increase of 609 over the number for the previous year. The average number of patients resident daily was 179.4—the highest number ever recorded, and the average stay of each was 19.46 days. The largest number of patients resident on any one day was 234. During the last month or so of the year the daily number of patients resident was 220, an indication of the greater demands now made on the services of the Infirmary. This increase is of course mainly due to the much increased population (civilian and service) of the area served by the Infirmary, and to the fact that since the closing of the Shrub Hill Infirmary the accommodation of this Infirmary has had to be used for cases which normally would be treated there. The Executive Committee regret that they have to bear the financial responsibility for these cases, and for private evacuees, many of whom are able to meet only a small part of the costs incurred.

The number of patients awaiting admission to the Infirmary on 31st December, 1940, was 123, an increase of 51.

**Out-Patients.** The number of patients attending the Out-patients Clinic for consultations and treatment, and the total attendances were as follows:—

**Income.** The total income of £32,399 1s. 7d. is £1,464 12s. 2d. less than that received during the previous year—the decreases being mainly due to a fall in receipts on account of services rendered, and to an adjustment of the payments made in 1939 by the Ministry of Health in respect of the Casualty Service. The Executive Committee are indeed pleased to report that on the whole the level of income received from purely voluntary sources has been maintained and they particularly welcome the increase of £99 5s. 11d. in Annual Subscriptions. They extend their grateful thanks to all Subscribers and Donors for their loyal and generous support.

**Contributory Scheme.** Once again the Executive Committee have the pleasure of reporting an increase in the amounts received from the Contributory Scheme. The figures for the City and County Sections are:—

|                |     |     |     |                         |   |   |
|----------------|-----|-----|-----|-------------------------|---|---|
| City Section   | ... | ... | ... | 7,677                   | 3 | 8 |
| County Section | ... | ... | ... | 6,344                   | 1 | 6 |
|                |     |     |     | <hr/> £14,021 5 2 <hr/> |   |   |

an increase, in total, of £477 17s. 7d. for the year.

To the Hospital Saturday Fund Committee and Collectors, and to the County Secretaries, and their helpers the Executive Committee extend their very grateful thanks for their valuable work.

During the year the Executive Committee took steps which they hoped would cover the difficult position which had arisen since the outbreak of war in respect of many members of the scheme who by increased wages had become ineligible to retain their membership. The arrangements made by the Executive Committee were to the effect that existing members who had become ineligible under the income limit clause could retain their membership by contributing an extra 2d. per week in return for an increase of £100 to the wages limit for each group of contributors. The Executive Committee regret that very little advantage has been taken of this concession and hope that the information now given in this report may reach those to whom the extended scheme applies, and that they will avail themselves of the facilities it affords. It is also their hope that with the increase in population the membership of the Contributory Scheme may grow thus ensuring that as many patients as possible are contributing towards the cost of treatment. In addition to contributions received from members of the Contributory Scheme a sum of £2,497 4s. 6d. was received from other Contributory Associations towards the treatment of their members.

Payments to other hospitals and contributory schemes amounted to £669 5s. 2d. as compared with £534 5s. 7d. for 1939.

The Executive Committee acknowledges with gratitude the following legacies and donations :—

**Expenditure.** The total expenditure shows an increase of £8,939 7s. 9d. over the figure for the previous year. This large increase has been due to (1) larger number of patients received and treated (2) the carrying out of the improvements to the building and equipment of the Infirmary as mentioned in the last report (3) the increase in the prices of goods including the application of the purchase tax which, with a few exceptions, applies equally to Voluntary Hospitals as to private individual and business firms, (4) the calling up of additional staff at the request of the Ministry of Health, and the granting of a cost of living bonus to staff, and (5) the building up of substantial stocks.

Under item (2) the Executive Committee have during the year completed the following improvements to the Infirmary :—

|  | £   | s. | d. |
|--|-----|----|----|
| (a) Renewal of Kitchen equipment at a cost of                  | 723 | 6  | 2  |

| (e) | Purchase of medical equipment                   | ... |     |     | ... |     | 250 | 0  | 0  |

in addition to many smaller items for the improvement of the services of the Infirmary or for its protection.

In considering the deficit for the year one other item must be mentioned. During the first four months of the war (*i.e.* the four months to December, 1939), the Ministry of Health made interim payments to the Executive Committee as to all hospitals in the E.M.S. upon a basis agreed with the War Emergency Committee of the B.H.A. These payments were made in anticipation of heavy calls being made upon the hospitals concerned. In fact except for the treatment of decants from Birmingham on the outbreak of war and of officially evacuated persons for whom the Ministry accepted financial responsibility no call was made on the extra beds, staff and services made available at this Infirmary. The Ministry in the early months of 1940 decided to alter the method of payment and feeling that the payments made to this Infirmary in 1939 were excessive withheld further payments until the first week in July, when the interim payments on a revised basis were recommended. The figure appearing in the accounts for 1940 is the actual amount received for service rendered during the period 1st July to 31st December, 1940, and is subject to adjustment in respect of work carried out from 1st January to 30th June, but bearing in mind the alleged excessive payment made during 1939.

| Miss N. Rayer ... ..   | 5   | 5  | 0  |
| Newhall Sunday School, Broadwas ... ..   | 3   | 13 | 0  |

**Endowment Fund.** There was no addition to the Endowment Fund during the year. The fund stands at £42,368 16s. 11d.

**Honorary Medical Staff.** During the year two temporary appointments were made to the Honorary Medical Staff.

Mr. D. C. Dunlop was appointed Temporary Honorary Assistant Surgeon.

Dr. K. M. Catlin was appointed Temporary Hon. Anaesthetist, to whom the Executive Committee extend a warm welcome.

Dr. A. M. G. Campbell who was appointed in 1939 as Honorary Dermatologist was called up for military service early in 1940.

The Executive Committee take this opportunity of extending to the members of the Hon. Medical Staff their very real appreciation of the efficient service they so willingly give and record with a sense of gratitude that the members of the Staff have readily undertaken the substantial increase in the work of the Infirmary.

**Pathologist.** Dr. W. Stewart who had been Pathologist since 1932 left the service of the Infirmary at the end of August, 1940. His successor, Dr. W. H. McMenemey took up his duties on the 23rd October, 1940.

**Thanks.** The Executive Committee acknowledge the devotion to duty of all Lay, Nursing, and Domestic Staff, whose work is deserving of the highest praise.

The Executive Committee again tender grateful thanks to the following, who in various ways have rendered valuable help to the Infirmary :—

To the Hospital Sunday Fund Committee.

The Gala Committee and their helpers for organising the successful Flower Show.

The Editor and the Proprietors of the Local Press for their kindness in giving publicity to the work of the Infirmary, and in bringing the needs of the Infirmary before the Public.

All Donors of Eggs, Pounds, Silver Paper, and Stamps.

The Members of the Ladies' Guild and the Women's Auxiliary Association for the work and gifts of linen and for the help afforded in many ways.

Depot Holders, and Helpers on Alexandra Rose Day.

To the Donors and Volunteers of the Blood Transfusion Rota. Their work is of inestimable value, and the Executive Committee is glad of an opportunity of recording its appreciation of all who give their service in this way.

The Cathedral Voluntary Choir.

The Ladies who so successfully organise the Patient's Library.

The Members of the Monthly Sewing Party.

The V.A.D., Nos. 1, 3, and 24, for the efficient Ambulance Service.

The British Red Cross Society and the St. John's Nursing Association for services given in the wards.

Faced with a deficit the members of the Executive Committee feel compelled to make an urgent appeal to the public for increased help. They fully appreciate the many calls now made upon individuals and the fact that with the exceptions mentioned above, the ordinary income of the Infirmary has been maintained at the pre-war level. They particularly appeal to the new comers to the area served by the Infirmary to come to their assistance by becoming subscribers or donors or, where eligible, by joining the Contributory Scheme. In these difficult times the Executive Committee feel justified in calling upon every section of the public for the utmost help in order that the work of the Infirmary—now more vital than ever—may continue unhampered by lack of funds. The future of the Infirmary rests with the public it serves, and the Executive Committee are confident that knowing the position, the public will rally to their aid.

THE  
Worcester Royal Infirmary

---

Report of the Executive Committee  
for 1941.

---

The Executive Committee have pleasure in submitting their one hundred and ninety-seventh Annual Report and Statement of Accounts.

**The late Mr. Joseph Banks.** It is with a very deep feeling of regret that the Committee record the death of Mr. Joseph Banks, of Hallow Park, who had been associated with the Infirmary for many years, and who had served as Chairman of the Executive Committee for the years 1932 to 1937. At his passing the Committee realise that they have lost not only a generous benefactor but also a wise counsellor, one who was well versed in hospital affairs and who devoted much time and energy to furthering the work of the Infirmary. During the period of his chairmanship the Infirmary made great progress and many alterations and large extensions were carried out. It was due to his foresight that adequate provision was made in the Pathological Laboratory, which bears his name, for the development of the Pathological Services, and, as recorded elsewhere in this report, his enlightened policy has been rewarded by the establishment at the Infirmary of a Pathological Centre serving the counties of Worcestershire and Herefordshire. In all his labours for the Infirmary and the welfare of those who use its wards he showed that understanding which is necessary in making provision for the treatment of the sick. The Executive Committee mourn his loss, but gratefully record their sincere appreciation of his most valuable services to the community of the area served by the Infirmary through his association with this Institution.

## WORK OF THE YEAR.

**In-Patients.** The number of patients admitted to the Infirmary during the year was 3,781, an increase of 407 over the number for the previous year. The average number of patients resident daily was 201.4 and the average stay of each was 19.45 days. The largest number of patients resident on any one day was 232.

The number of patients awaiting admission to the Infirmary on 31st December, 1941, was 217, an increase of 94.

**Out-Patients.** The number of patients attending the Out-patients' Clinic for consultations and treatment, and the total attendances were as follows :—

## FINANCIAL.

The General Fund of the Infirmary shows a deficit of £6,398 7s. 9d., as compared with £8,063 4s. 8d. for the year 1940.

**Income.** The total income of £39,147 17s. 9d. is £6,748 16s. 2d. more than that received during the previous year, the increase being mainly due to the grant from the City Council of £2,125 7s. 3d., and an increase of £1,640 14s. 8d. from patients and other Contributory Associations, etc., for services rendered. The Executive Committee are particularly pleased at the increase in gifts from voluntary sources and extend their thanks to the organisers of Alexandra Rose Day and the Infirmary and Orphanage Cup Competition for the very substantial increases in the amounts raised during 1941. They also record with great pleasure the gift of £317 to be spent on linen from the Women's Auxiliary Association. They welcome the interest taken in the Infirmary by this Association whose efforts for the Infirmary are unceasing. During the course of the year the Executive Committee decided to bring into the General Income and Expenditure Account legacies received for the General Purposes of the Infirmary, and under this heading the sum of £586 14s. 5d. is included in "Extraordinary Income."

**Expenditure.** The total expenditure shows an increase of £5,083 19s. 3d. over the previous year. This increase is mainly due to the increased cost of the various commodities, particularly provisions, the additional cost under this item alone being £1,274 8s. 4d. There is a substantial increase in the amount paid for salaries and wages. During the year the Executive Committee, in common with all voluntary hospitals in the

country, increased salaries paid to all sections of the Nursing Staff, the step being recommended by the Ministry of Health to improve conditions of nurses in order to attract new recruits. Similarly, in view of the difficulty of obtaining domestic help, the wages of these useful members of the staff were increased, the total additional amount expended in these two respects being approximately £1,400. The development of the Pathological Department necessitated an increase in the staff, and the salaries paid to these additional members, together with a different financial arrangement for the services of the full time Pathologist resulted in an increase of nearly £900.

An obligation to insure under the War Damage Act was placed on voluntary hospitals and, as a result, an additional sum of £225 was spent during the year on insurance premiums.

**Contributory Scheme.** The Executive Committee are pleased to be able to report that income derived under the Contributory Scheme shows an increase of £885 0s. 11d. This is in part due to the launching of an extended scheme to enable those members who by increased earnings under war conditions became ineligible to retain their membership of the original scheme, to rejoin the scheme on payment of an increased contribution to cover an extension to the previous income limits. It is also hoped that part of the increase may be due to the interest by newcomers to the district taken in the scheme, and their desire both to help the Infirmary and to safeguard themselves in the event of illness.

During the latter part of 1941 the Executive Committee, feeling the stress of war conditions, reluctantly came to the conclusion that, if the financial position of the Infirmary was to be safeguarded, an extra contribution must be asked for from the contributors, and as from 1st January, 1942, the various rates of contributions have been increased by 1d. a week.

**City Grant.** The Executive Committee have very great pleasure in reporting to the Governors that, as a result of further discussions held with the representatives of the City Council, a grant has been made in respect of the year 1941 of £2,125 7s. 3d., being the product of a rate of  $1\frac{1}{3}$ d. It is now some years since the original application for a grant under the Public Health Act was made to the City Council, and it is pleasing to the Executive Committee to note that the Council, by their generous grant, have recognised the useful part played by the Infirmary in the treatment of the sick, particularly since the outbreak of war and the closing of the Shrub Hill Infirmary. The Executive Committee, at the request of the Council, placed

at the Council's disposal, two vacant seats on the Executive Committee, and were pleased to welcome Alderman J. B. Parsons and Councillor Mrs. R. Palmer as the first representatives. In order to regularise this position, and to have available seats for representatives of the City Council, a proposal will be submitted to the Annual Meeting to alter the rules of the Infirmary.

**Henwick House.** As indicated earlier in this report the Infirmary, during the past year, was called upon to undertake a greatly increased work which proved to be a severe tax on the accommodation available. At times as many as 232 patients were housed in a building designed for 165, and portions of the Infirmary not erected for ward use had to be converted, in emergencies, for the purpose. In consultation with the Ministry of Health several properties, any of which might have been adaptable as an annexe, were inspected, but, due to difficulties of construction or position, were found to be unsuitable. During the summer of 1941 the Executive Committee received notification of a substantial sum which had been bequeathed for the provision of convalescent treatment, and also of another sum to be used for capital purposes, and they felt justified in proceeding to acquire suitable premises for use as an annexe to the Infirmary for the time being, and as a convalescent home when normal conditions should prevail. They accordingly entered into negotiations for the purchase of Henwick House, Worcester, lately in the possession of Mrs. N. K. Perry. The negotiations were successfully completed and Henwick House has been purchased for the sum of £8,000. The necessary work of adaptation is in hand and the Executive Committee hope to be able to notify the opening of the house for the reception of patients at an early date. The provision of increased hospital accommodation will be greatly to the benefit of the public of the area served by the Infirmary, and the Executive Committee confidently hope that their action will be endorsed by the generous support of the public.

**Pathological Services.** The appointment of Dr. W. H. McMenemey as full time Pathologist to the Infirmary was reported at the last meeting of the Governors. This year the Executive Committee are pleased to report a considerable extension in the Pathological Services, and the setting up, within the Infirmary, of a Pathological Centre for Emergency Medical Service Work. Dr. McMenemey has been appointed by the Ministry of Health to be the Senior Pathologist in the counties of Worcestershire and Herefordshire, an appointment which the Executive Committee view with gratification. The portion

of the original pathological laboratory which had been temporarily converted into a ward for Ear, Nose and Throat cases has been made available for pathological work, and is being altered and equipped by the Ministry of Health in order that the work for the many emergency hospitals in the counties above mentioned may be undertaken at this Infirmary. The Ministry of Health propose to appoint an Assistant Pathologist and to augment the technical staff. The Executive Committee look forward to the full development of these services.

**Legacies.** The Executive Committee acknowledge with gratitude the following legacies and donations which have been received during the past year :—

They are also pleased to report that under the will of the late Miss C. Finch a sum of £5,000, together with the residue of her estate, has been bequeathed to the Executive Committee for the provision of convalescent treatment. A scheme has been prepared by the Honorary Solicitors to the Infirmary and submitted to the trustees of the late Miss Finch's estate, and the Executive Committee hope shortly to be able to report that the necessary arrangements have been made whereby the income from this bequest may be available for convalescent purposes. The Executive Committee are also pleased to report the notification of a legacy for capital purposes of £4,000 plus two-thirds of the residue of her estate from the late Mrs. Jessie Fairfax Bates. It is proposed to use this latter legacy, when received, towards the purchase price of Henwick House.

**Endowment Fund.** There was no addition to the Endowment Fund during the year. The fund stands at £42,368 16s. 11d.

**Honorary Medical Staff.** The Executive Committee again tender their very sincere thanks to the members of the Honorary Medical Staff for their very valuable services during the past year. The Executive Committee realise the difficult conditions under which increased work has had to be undertaken during the past year and are pleased to record their appreciation of the helpful co-operation of the Honorary Staff. A further appointment to the Medical Staff was made during the year, Dr. H. L. Milles being appointed Medical Registrar. The Executive Committee report his appointment which they are sure will be received by the Governors with satisfaction.

**Obituary.** It was with great regret that the Executive Committee heard of the death of Dr. H. A. Watson, who was Honorary Consulting Physician to the Infirmary, to which office he was appointed upon the completion of 31 years of valuable service to the Infirmary, as an active member of the Honorary Medical Staff, his total service being 34 years. The Executive Committee record their gratitude for his services for so long a period and report with regret his passing.

**Thanks.** The Executive Committee acknowledge the devotion to duty of all Lay, Nursing, and Domestic Staff, whose work is deserving of the highest praise.

The Executive Committee again tender grateful thanks to the following who in various ways have rendered valuable help to the Infirmary :—

To the Hospital Sunday Fund Committee.

The Editor and the Proprietors of the Local Press for their kindness in giving publicity to the work of the Infirmary, and in bringing the needs of the Infirmary before the Public.

All Donors of Eggs, Pounds, and Silver Paper.

The Members of the Ladies' Guild for the work and gifts of linen and for the help afforded in many ways.

To the Donors and Volunteers of the Blood Transfusion Rota. Their work is of inestimable value, and the Executive Committee are glad of an opportunity of recording their appreciation of all who give their service in this way.

The Cathedral Voluntary Choir.

The Ladies who so successfully organise the Patients' Library.

The Members of the Monthly Sewing Party.

The V.A.D., Nos. 1, 3, and 24, for the efficient Ambulance Service.

The British Red Cross Society and the St. John's Nursing Association for services given in the wards.

During the year the Executive Committee have explored many new avenues for increasing the Ordinary Income of the Infirmary, and are hopeful that the steps they have taken will bring an increased income during the coming year. Unfortun-

ately it has been their experience that even though increased income is obtained, the expenses of running the Infirmary under war conditions increase at a greater rate. The coming year will show the opening of Henwick House, which, it is hoped, will prove of great benefit to the patients admitted there, but it must be borne in mind that the use of this additional accommodation will bring very considerable additional expenditure, while the sources of income directly from the use of the house will be small. While every endeavour is made to curtail expenditure to the minimum consistent with efficiency the Executive Committee, during the coming year, will be faced with a total expenditure for the maintenance of the Infirmary and Henwick House of at least £50,000. They however realise that the steps they are taking, both to improve the services and to provide adequate accommodation at the Infirmary for those who need its help will be of real service to the public, and they are confident that, knowing the increased needs of the Infirmary, the public will once again come forward with the financial help required so that no portion of the work carried out by the Infirmary need be curtailed through lack of funds.

## **PATHOLOGICAL DEPARTMENT.**

### **Annual Report.**

In 1941 the work passing through the Pathological Department showed an increase of 142% as compared with 1940.

6,448 investigations (18,427 units) were carried out in 1941, as compared with 4,135 (11,272 units) in the previous years. In addition to the routine work listed above, 5,031 test (8,887 units) were undertaken in connection with the Emergency Blood Transfusion Service.

During the year, the technical staff has been augmented, additional equipment has been acquired, and a new system of records adopted. Plans are now well advanced for the enlargement of the department, and it is to be hoped that the extensions will be completed before long. The additional accommodation will provide separate biochemical, bacteriological, histological and haematological laboratories, with office, consulting room, photographic dark room and library.

## WOMEN'S AUXILIARY ASSOCIATION.

---

### Annual Report, 1941-42.

In spite of increasing difficulties imposed by the war the Association has raised nearly £400 during the year; this being the largest amount raised in any one year since the Association was formed in 1935. £317 0s. 0d. of this has been spent on linen. This amount too, is the largest amount given in any one year, and is an increase of £235 on the previous year's contribution.

The regular source of income—Subscriptions, brought in £25 10s. 0d., and the Buffet in the Out-Patients' Hall, about £83 0s. 0d.

A Christmas Fair organised in November yielded a profit of £187, and a Dance, Whist Drive, Bring and Buy Sales, Concert given by the Welsh Choir, and Hop-picking earnings account for the remainder of the receipts.

The Mending Party has met regularly every week at the Infirmary and has done valuable work in endeavouring to prolong the life of the linen in use.

The Knitting Party which provides all the comforts required for a Worcestershire Regiment has also met regularly every week.

Both these working parties have, during the year, provided the Association with funds raised by all sorts of ingenious methods.

During Warships Week the Association organised a Selling Centre at the Infirmary, and sold Certificates, Defence Bonds, etc., to the value of £2,050.

## WORCESTER AND DISTRICT BLOOD TRANSFUSION SERVICE.

---

### Annual Report.

The Worcester and District Blood Transfusion Committee held its first meeting on the 31st March, 1941, and has met on two occasions since. A small executive committee has been appointed which meets fortnightly.

During the year 1941, we have lost two members of the Committee—Mrs. Neville Crowe and Mr. Joseph Banks, both of whom took a great interest in the work of this Service. Mrs.

Neville Crowe undertook the management of the office work and it is from the foundations which she laid that the present organisation owes greatly to its being.

At its inception this Committee was responsible for Worcester City, Martley Rural District, Droitwich Borough and Rural District and Tenbury Rural District, and, in view of its proximity to Tenbury and by arrangement with the Royal Salop Hospital, Shrewsbury, through the Regional Transfusion Officer—the Ludlow area was included in the Worcester and District scheme.

The number of donors in the Service is 3,498 of whom 1,999 come from the City of Worcester and the remainder from the other areas. Of these donors 1,868 have been bled during the year to maintain the Worcester Hospital blood bank, to contribute towards the Birmingham blood bank and to provide blood for the provision of plasma for use in Worcester and other places at home and abroad.

Early in January, 1942, the Ministry of Health suggested that this Committee should amalgamate with what had previously been called the "County Council Scheme" run by the County W.V.S. This latter area composed Malvern, Pershore, Powick and Upton-on-Severn. This amalgamation will prove a great economy in office work and will generally make easier running. The total number of donors now amounts to 4,498. Each district has been placed in charge of a local secretary who has a duplicate set of the records kept in the Worcester Royal Infirmary office.

Bleeding is going on continuously. A great deal more blood is being used for transfusions in the Royal Infirmary, and what is not being used is being sent to the Regional Transfusion Officer to be turned into plasma.

Although the number of donors appears large, it is found in practice that rather less than 50% are available when wanted. This is due to the abnormal movement of the population and to calling up for the Services and munitions. For this reason it is essential that new donors should be enrolled continuously.

We should like to thank all those members of the Royal Infirmary staff, the W.V.S., the B.R.C.S., St. John's, Toc H., Civil Defence personnel and many others who have assisted either personally or by lending halls or vehicles, etc.

K. D. BRIGGS,

*Hon. Sec.*

### THE CHAPEL

Built in 1849, services are held here each week and on special occasions for the benefit of the patients able to attend and the staff. Mademoiselle Jenny Lind, the famous singer, who then lived at Malvern, held a concert at the College Hall to enable the Infirmary to add this charming place of worship.

# ENDOWMENT OF BEDS AND COTS

THERE is no more suitable way of commemorating Friends than by endowing a Bed or Cot and at the same time this is the greatest benefit that can be conferred upon the Hospital.

**A donation or legacy of £1,000  
will endow a Bed and £500 is  
required for a Cot.**

The Governors of the Worcester Royal Infirmary are grateful to the following business houses who have placed their advertisements in this report, as these pay very largely for its production. The advertisements are therefore cordially brought to your special attention.

# **DRUGS** from the **GAS WORKS**

Many drugs, antiseptics and fine chemicals used in medicine are extracted from the coal tar produced at the gasworks. Gas serves medicine too by providing hospitals with a labour-saving fuel for cooking, water heating, central heating or radiant heating; while the clinical gas lamp is of value in remedial treatment for certain ailments.

This is how gas serves the hospital. Its services to the nation go further still, for in millions of homes gas simplifies work and increases comfort; and at the gasworks is produced a long list of valuable products preserved in the process of coal carbonisation.
